§11 · BUILD LOG

I made the examiner less friendly. On purpose.

§11 — THE PROBLEM — FIG. 11.2

11.2

Voice AI is tuned to be nice.

Warm, encouraging and chatty. A real examiner is none of those things. Practising against a cheerleader doesn't prepare you for the room.

§11 — WHAT CHANGED — FIG. 11.3

11.3

Closer to the real thing.

- Tone ..... FLAT, DIRECT
- Praise mid-answer ..... NONE
- Weak answers ..... PROBED (TESTING)
- Made-up figures ..... NOT ALLOWED

§11 — THE RULE THAT WON'T CHANGE — FIG. 11.4

11.4

If it can't be sourced, it doesn't go in.

Every answer the examiner works from is checked against source material before it's loaded. No invented figures, no guessed regulations.

§11 — NEXT STEP — WAITLIST OPEN

Follow the build.

Honest updates, including what doesn't work.
